Subject: Important information: December 2022 Workday Project Update

Managers, please share this information with all employees.

The Workday for HR/Payroll Go-Live date has been extended to Summer 2023. The Workday Steering Committee and Project Team did this to ensure adequate testing and process checks for the HR and Payroll Workday implementation. It is also to ensure end-users receive access to training materials.

This does not mean we will slow down our meeting schedules, demonstrations, or information sessions. In fact, we are expanding our project team, as well as bringing on additional support and resources to ensure **we are future ready**.

Over the next few months, you will receive regular communication to help you understand what is changing. Support and resources to prepare you to use the new tools will also be provided. In the meantime, if you have any questions, contact WorkdaySupport@mobilecountyal.gov or Sharon Mitchell at sharon.mitchell@mobilecountyal.gov.

Thank you for your patience and flexibility as we continue our transition to Workday for an integrated, simple, and easy-to-use system for our Finance, HR, and Payroll needs.

Workday has been in use for Financial operations since the summer. Previous information about Workday and FAQs are available at [Workday Communication Materials: Mobile County \(mobilecountyal.gov\)](http://mobilecountyal.gov)

Sent on behalf of the Workday Team by

Sharee LeBlanc Broussard, Ph.D. APR

Director of Public Affairs and Community Services
